

Chalet Irbis Courchevel 1300

What we love...

We love the relaxation area dedicated to unwinding after a day on the pistes, with its Hammam, sauna, and water fountain.

Effortlessly blending modern facilities with a timeless Alpine charm, Chalet Irbis is an elegant luxury ski chalet in Courchevel 1300. It enjoys a peaceful location in this authentic mountain village, with ski-in access from the nearest tree-lined piste. The interiors are peppered with carefully chosen art and responsibly sourced wood, stone, and glass, creating an atmosphere that's so warm and inviting, it's tempting to forgo skiing and spend a week curled up by the fire gazing at the sublime views of the peaks.

Start your days at Chalet Irbis with a freshly prepared breakfast in the open plan kitchen and dining area. There's space for everyone at the generous reception table, while the enormous windows fill the room with light. Head down to the ski room

where you'll find your cosy, warm boots on the boot heaters and your equipment waiting for you in the lockers, ready for a day of carving.

On your return to the chalet, warm up with a hot chocolate by the crackling fire or retreat to the reading corner with a book. For the ultimate rejuvenation, visit the wellness area, where you can relax sore muscles in the Hammam or sauna.

Once the sun has set on Courchevel 1300, retire to one of the cosy en-suite bedrooms decorated in a traditional style with plenty of exposed wood. Chalet Irbis sleeps up to 10 guests in its 5 bedrooms, but can also be linked with next-door Chalet Khoton, via the wellness area to accommodate larger groups of up to 20.
