

## Casa Cazan Algarve

### What we love...

We love the pool house with living and dining space, as well as outdoor kitchen, including beer tap and bread oven.

A unique property, set among trees and within a short drive to the beach, Casa Cazan is a luxury villa in the Algarve that really is the stuff of dreams.

Sweep up the driveway, lined with palms, and you're in another world. Casa Cazan's outdoor spaces are stunning and thoughtfully designed every step of the way. The swimming pool area is at the heart of the gardens; you could spend all day floating in the swimming pool and Jacuzzi, and with a pool house adjacent where you can rest and refuel in the outdoor kitchen and living room, you'll have everything you need. Tennis, putting, boules, table tennis and garden games mean there's something to entertain everyone all day long. And if peace and relaxation is what you're looking for, take a wander to the carp lake in the Japanese garden.

Inside, a light and airy living room with fire, Smart TV and a huge sofa and armchairs provides somewhere sociable to gather on

chillier evenings. The characterful room is adorned with contemporary artworks and is open-plan to the eclectic kitchen, too, making the whole space one that everyone can relax in.

Close by is the dining space, known as 'the vista room' for its wonderful view through floor-to-ceiling glass doors that open right back to make house and garden one.

At the end of each day's adventures you'll all retire to individually styled bedrooms. The bedrooms are well spaced out, giving everyone the privacy they need with a mix of double rooms and family suites across the main house, garden house and pool house. The master suite with four-poster bed is a highlight, but all of the bedrooms are decked out with luxury White Company linens and have beautiful marble bathrooms. With a villa manager on hand to take care of everything, you should sleep easily at Casa Cazan and be ready for plenty more fun in the morning.

## Kids

Children are sure to be wowed by the magic of Casa Cazan and there's so much for them to do, from the putting green and chipping area for young golf fans to the boules court and astro tennis court. There's also a carp lake if fishing is their thing.

The highlight for most kids is the fabulous heated swimming pool, with an easy 'beach-entry' especially with very little ones in minds.

The whole property is gated with security cameras for parents' peace of mind and has been designed with family life as a priority. In the guest house, a family room sleeping four in either a king and two singles or four singles, adjoins the main double bedroom, so you have lots of flexibility if you're travelling with children.

The villa also has a baby equipment pack including cot, potty and toddler crockery to make your packing that bit lighter.
