

## Apartment Arolay 2 Val d'Isere

### What we love...

We love the mountain and river views from the floor-to-ceiling windows in the living area.

Tucked away in a charming hamlet of Le Fornet, with mountain views and modern rustic interiors, Apartment Arolay 2 is the last word in 'cosy'.

The property has been carefully designed to appeal to your senses, with rough-hewn woods and stone used throughout, contrasting with tactile soft furnishings, from the velvet sofas to faux-fur throws to envelop yourself in. Comfort and warmth are always top of the agenda.

The open-plan living spaces are at the heart of this apartment. Located on the first floor to make the most of the views, the spacious living area with capacious sofas and a roaring fire makes for a wonderful spot to relax in with family and friends, a good book and a good bottle of wine on snowy afternoons. Nearby is a welcoming dining area, with a pleasingly chunky wood table and bentwood chairs designed to be a backdrop for long, leisurely meals.

You'll have everything you need for cooking up a storm in the well-equipped designer kitchen, too.

The six en-suite bedrooms are each decorated in their own style, but all in neutral palettes and with care given to making them a welcoming retreat at the end of the day.

This duplex apartment's convenient location, just moments from the lift, means you'll never waste a second in the mornings when you could be out on the snow. The addition of a private ski room makes getting your ski kit off when you arrive home a breeze, too. The centre of Val d'Isère is a short drive away, where you're spoiled for choice for shopping and eating.

When you arrive home after a busy day on Val d'Isère's slopes, we highly recommend taking a drink and a big blanket out onto the balcony to watch the sun go down and the stars begin to twinkle over this most magical of ski villages.
