

## Chalet Mont des Anges Morzine

### What we love...

We love the simply stunning private bar, perfect for celebrations big and small.

Chalet Mont des Anges may be the most beautiful luxury ski chalet in Morzine. Stylish and atmospheric throughout, the rich woods and dark palette contrast beautifully with the huge windows that flood the upper floor with light.

The stunning bar becomes the heart of the chalet each evening, when you can enjoy memorable evenings together drinking cocktails, listening to music and watching the big screen TV. Throw open the doors which lead straight onto the large decking area, with an outdoor kitchen, sun-loungers and a heated infinity swimming pool. It is the perfect place to watch the sunset.

The open-plan living area with a roaring fire sitting centre stage to this space, is ready to welcome you home from the snow each day. Huge, plush sofas look out at the mountain views through floor-to-ceiling windows – a lovely spot to sit, read and daydream or to gather with good friends for drinks and a proper catch up. Nearby is a sophisticated dining space with comfy leather chairs that invite you to linger all evening over good food and fine wines, lit by chandeliers and ornamental cages overhead. There's also a sleek, chic kitchen

with sociable bar area so you can sit and chat to whoever in your group is cooking that night.

Another highlight of this luxury ski chalet is its outdoor spaces, which are designed to be enjoyed at all times of year. From the spacious sun terrace you have views over the forests and fields all the way to the Roc d'Enfer mountain, and the outdoor kitchen and dining areas mean you can spend whole evenings here enjoying the vistas. The decked area also accommodates a wonderful wellness space, with heated swimming pool and hot tub as well as a sauna and shower just inside. Whether you're enjoying the sunshine by the pool on warm summer days, or gathered around the firepit toasting marshmallows in the snow, it's a very special place to be.

There's plenty of space for everyone to find a little nook of their own, whether you want to hide away in the office (with Apple Mac computer) and go through the papers, or catch a film in the private cinema. And of course each of the bedrooms provides a luxurious retreat when you need a little down time.
