

Silverstone Suite 1 Val d'Isère

What we love...

We love the small but perfect private swimming pool with 'starlight' ceiling to swim under.

If you appreciate all the facilities of a boutique hotel alongside all the privacy and the quiet of your own chalet, Silverstone Suite 1 might just offer you the perfect combination. The stunning Silverstone Residence, right in the heart of Val d'Isère, houses several luxury ski apartments in various sizes.

Welcome to Silverstone Suite 1, which sleeps 8 adults and 2 children across five beautiful en-suite bedrooms and is designed in a contemporary style, with a nod to the modern retro, using traditional and natural materials like wood and stone for a welcoming feel.

The open-plan living space encompasses a laid-back lounge area with TV and gas fireplace, a sleek, chic kitchen and sophisticated

dining space under statement lighting, perfect to enjoy delicious meals together. Leading directly from this area, discover the furnished terrace where you'll find cozy seating and loungers, as well as a hot tub. Just add friends and a few glasses of Champagne.

Back inside the apartment, head to the private swimming pool, offering a place to relax on snowy afternoons when you've returned from the mountains. But if you're still feeling active, make your way to the residences' shared gym.

All the practicalities have been considered, too, with indoor parking for your cars and private ski lockers in the shared ski and boot room. So, kick off your ski gear as you walk in the door and be ready to toast your feet by the fire in moments.
