

Silverstone Penthouse 5

Val d'Isère

What we love...

We love the private wellbeing area, with swimming pool, steam room, hot tub and sauna.

A pretty and elegant apartment, in one of the area's most prestigious buildings, Silverstone's Penthouse 5 is a breath of fresh air. Step inside, and the neutral and blush palette, with Chinoiserie-style wallpapers throughout, offers a warm welcome with tons of character.

The light, bright living room with vaulted ceiling and huge windows is a relaxing place to sit in the day with daylight streaming in and views of the mountains. And by night, with the contemporary stove roaring and statement lighting twinkling, it's a magical place to gather with friends and swap stories from your day out in the snow. Nearby is a pretty dining area where you'll enjoy food with friends, and a beautifully equipped kitchen. There's even a wine cellar close by to fuel your evening.

Outside, two furnished terraces and an outdoor hot tub offer room to relax in the mountain air. Just add a glasses and bubbly.

After busy days on Val d'Isère's slopes, you might want to enjoy a little quiet time, too. Sprawl in the cinema room with hot chocolates and a film on chilly afternoons, or head down to the private spa to float in the pool and soothe aching muscles in the sauna and steam room.

At the end of each day, you'll retire to individually designed bedrooms, each with its own charms, and all with comfy beds, cosy duvets and plenty of little luxuries to make your stay just perfect.
