

Silverstone Penthouse 7

Val d'Isère

What we love...

We love the wellbeing area with its Jacuzzi and beautiful swimming pool, overlooked by a snow-scene mural at one end.

Colourful, cosy and very eclectic, Silverstone Penthouse 7 at the Silverstone Residence is a luxury ski apartment and the perfect base from which to explore beautiful Val d'Isère.

This penthouse is laid out over four floors of this beautiful building, with plenty of room for everyone to gather together and relax alone, too. The main living space is a delightful open-plan area with double-height ceilings, exposed rafters and huge windows that flood the room with light. A central fireplace marks the heart and hearth of the property, with large seating areas gathered around so you can warm your toes by the fire from every sofa and armchair. Watch TV, lounge with the papers or curl up with a glass of wine with good friends and family, to share the day's adventures when you return from the slopes. Nearby is a

contemporary dining space with a refectory-style table just made for long, leisurely meals, and a well-equipped kitchen with a sociable bar and all the gadgetry you could need.

The property has two terraces and three balconies, too, offering plenty of outside space including a hot tub area and Nordic bath. Indeed, wellbeing is taken seriously here. A private wellness suite, with swimming pool, hot tub, steam room and sauna is the perfect spot to unwind in the afternoons and soak weary legs. Fluffy robes and towels are always on hand.

With staff available to take care of your every whim, as well as all the practicalities such as private ski room and concierge service sorted, all that's left for you to do is sit back and enjoy the view from Silverstone Penthouse 7.

Dining

Good food and fine wines are one of the pillars of life at Silverstone's Penthouse 7. A welcome drink will be handed to you as you arrive, and from there, everything is taken care of. A private chef will serve a delicious breakfast to set you up for a day on the slopes, and afternoon tea will be waiting for you when you return. Then a gourmet dinner is served each evening. You might like to peruse the wine cellar first for a bottle or two to accompany dinner.

The chef has two nights off, on which Silverstone's team of helpful staff will be able to recommend restaurants and make bookings for you.

It's also possible to take this property on a bed and breakfast basis, if you prefer. And if you wish to self cater, there's a well-equipped open-plan kitchen you'll enjoy cooking in. A grocery delivery can be arranged so you are ready to go as soon as you arrive.

Kids

Little ones (and 'big' little ones, too!) are very welcome at Silverstone Penthouse 7 and the property has been designed with families in mind.

As well as plenty of open-plan space to play, and some large terraces to offer a bit of fresh air, there's lots to keep kids busy, including a private swimming pool to splash in on snowy afternoons after ski school. There's also a dormitory room that sleeps five in chunky wooden bunks and beds, which even features a climbing wall.

Cots and highchairs are available, and nannies and babysitters can be booked on request.
