

Villa Colibri Saint Tropez

What we love...

We love the pool area, which accommodates a beautiful infinity swimming pool with hot tub and lounge area, as well as the pool house, with all the amenities you could want, including a stunning barbecue and dining area.

Relax with friends in this contemporary paradise where you can hear the waves from every room and real life seems to simply drift away.

Villa Colibri is a luxury villa near San Tropez that has been designed to meet your every whim. Its striking, modern looks offer a stylish backdrop and the bright white palette with blue accents echoes the azure and white of the sky and the sea – a constant reminder of this villa's very special location.

The property is made up of a main building as well as three smaller apartments, giving you plenty of flexibility to gather together or find your own space when you wish to.

The main house is a wonderful spot for both entertaining and relaxing with family and friends, with eclectic

artworks and sculptures, and designer lighting giving the living and dining spaces lots of vibrant character. The latest tech has been incorporated seamlessly into the house, too, with a private home cinema room, surround-sound music system inside and out and Wifi throughout.

The cherry on top of this fabulous property, however, must be the outdoor spaces. From the heated infinity swimming pool and hot tub you can hear the waves lapping the beach below; a lounge area, perfect for yoga or meditation is adjacent, allowing you to make the most of this peaceful, sunny spot. The pool house includes an outdoor shower and WC, as well as a barbecue and wonderful al fresco dining area: a long, wooden table where you can enjoy leisurely meals with a view of the sea and the Golden Islands.
