

Apartment Aurora Val d'Isère

What we love...

We love the dedicated spa area featuring a steam room and sauna, perfect for relaxing once the skis are off.

This stunning luxury ski apartment is brand-new to Val d'Isère for the 2024/25 winter season, offering access to this highly desirable and much-loved resort. Spanning four generously proportioned floors, Apartment Aurora has been decorated to the highest standard throughout, featuring sumptuous soft furnishings, warm hues, and elegant wood panelling.

As you enter the apartment, you'll be greeted by the dedicated ski and boot room, and the enticing spa and relaxation area. Here is where you'll unwind after a day making fresh tracks on the mountain, soothing aching muscles in the sauna or steam room.

Heading upstairs, you'll encounter three of Apartment Aurora's four charming bedrooms, each with its own en-suite shower room and one with an additional bath. The final bedroom, the luxurious master suite, occupies the entire top floor

and comprises an en-suite bath and shower as well as two private balconies, so you can admire the snow-laden peaks from any direction.

Yet it's the beautiful open plan living space that will capture your heart. Bookended by spacious balconies, it winds its way from the impressive kitchen and dining area, past a cosy TV snug, to the inviting sitting room with its crackling log fire, the ideal place to hunker down with a mulled wine as the sun starts to set. Add to this the outdoor hot tub offering privileged views of the summits, and Apartment Aurora has all the ingredients of an unforgettable luxury ski holiday.

Apartment Aurora is part of a collection of four apartments including Apartment Flora, Apartment Luna and Apartment Ceres which can be rented together accommodating up to 30 guests.
