

Chalet Roenn

Colfosco, Dolomites

What we love...

We love the outdoor hot tub with views over the Sassongher mountain.

In the 'shadow' of the Dolomites, this spacious chalet offers a magical, snowy escape for a large group of friends or family.

Chalet Roenn is a luxury ski chalet in Alta Badia, surrounded by fields and pine trees. You feel truly close to nature here and, echoing its surroundings, the property is built from brushed spruce wood and other natural materials for an outdoorsy feel. The views are astonishing, too, with the mountains ever-present and the pistes right on your doorstep.

Inside, a cosy living space with roaring fire and wine cellar makes for the perfect place to relax with friends after a day on the slopes. There's also a well-equipped kitchen and dining space with panoramic views where you'll all enjoy long, leisurely meals.

Pampering is taken seriously here, and the private spa has a Finnish sauna, Hammam and relaxation area. Therapists from the local Kolfuschgerhof Hotel Spa, can be booked for massages and beauty treatments if you wish, too.

A generously sized terrace with outdoor living and dining spaces means you can make the most of this property's spectacular location, enjoying the mountain air with a coffee before anyone else is up or sipping a nightcap in the hot tub in the evenings.

Each of the bedrooms is made to be a little cocoon from the world, with comfy wool core mattresses, TVs, mini bars and sofas, as well as a 'wellness bag' including slippers and other pampering treats. All you have left to do, is make the most of the rest and relaxation.

Kids

This luxury family-friendly ski chalet with 11 bedrooms is a wonderful place for a big group of family and friends to share. Two of the bedrooms are family suites which sleep two to four – ideal for those with younger children who want to be close to Mum and Dad at night time. Another bedroom has bunks, perfect for older kids.

The spacious, open-plan living areas have plenty of room for younger guests to play, sprawl and watch the snow fall. And the property is surrounded by open spaces for snowman building and snowball fights.
