

Chalet Asgard Morzine

What we love...

We love the mezzanine suite with bedroom, bathroom and direct access to the decking and hot tub; like a little private retreat all of its own.

Tucked away in a quiet Vallee de la Manche area of Morzine, this brand new chalet for winter 2025 is the perfect combination of contemporary Scandi and traditional Alpine styles..

Chalet Asgard's exposed wooden beams, huge windows, and modern furnishings combine to make this a relaxing space that's the perfect base from which to explore Morzine.

Double-height ceilings and a suspended wood-burning fire make the entertaining area the heart of this home. This space opens out, through floor-to-ceiling windows, onto a large wraparound balcony with views of the forests and mountain beyond, bringing nature right to your doorstep.

Complimenting the natural materials and traditional style is plenty of high-tech equipment designed to ensure your every comfort. From the state-of-the-art kitchen to the custom-made entertainment system, all the little details have been considered, right down to the TVs in every bedroom so you can cosy up in bed with a film.

And after an adventurous day on Morzine's slopes, you'll find plenty of pampering treats to nourish body and soul. Sprawl in the Swedish sauna or stand under the rainwater shower and feel completely rejuvenated. Or hop into the hot tub outside, surrounded by pine trees and enjoy just gazing up at the stars as the bubbles relax every fibre of your being.
